

AFS Established: 1947
AFS-USA Volunteers: 5,500+
AFS Volunteers Worldwide: 30,000+

Our Mission: AFS-USA works toward a more just and peaceful world by providing international and intercultural learning experiences to individuals, families, schools, and communities through a global volunteer partnership.

Our History: AFS (formerly the American Field Service) is a worldwide nonprofit that has been a leader in high school student exchange for 60 years. During World Wars I & II, young Americans volunteered as ambulance drivers in the American Field Service evacuating the wounded from battlefields. When they returned home, they founded a movement to promote understanding and peace through international student exchanges, known today as AFS Intercultural Programs. They believed—as we believe today—that the way to build a more just and peaceful world begins when people from different countries and cultures meet, learn together, and better understand one another.

60 Years of Experience: AFS-USA sends more than 1,600 students to 40 countries each year on year, semester, and summer programs; awards approximately \$1.5 million in financial aid and scholarships annually; and welcomes more than 2,800 international high school students to the U.S. and places these students in high schools and families.

Current President
Margaret Crotty
