

Dear Future AFSer/Applicant,

Please find enclosed general instructions on obtaining a **Visa** for Egypt. **AFS will obtain this visa for you.** As you will note, obtaining a visa is a detailed and time consuming process, and for this reason, visa information is sent not only to students who are guaranteed, but also to students whose applications are still in review. It is important that you begin preparing for this process immediately. **Visa documents submitted by you later than the deadline (see below) might result in your traveling late or even not being able to participate in the program. You are responsible for any additional cost incurred by your late submission of documents.**

Obtaining a Passport

If you still do not have a passport, you must apply for one **immediately!** You cannot obtain any other type of travel or residence authorization without a valid passport and it will take approximately 4-6 weeks to obtain one. **If you delay in obtaining your passport, you will need to request that your passport application be “expedited” (rushed) which will mean an additional cost.**

Domestic Travel

Regarding your domestic travel to the gateway orientation site, please do not book any tickets until you receive what we call the *Travel Notification Packet* in the mail from the AFS USA Travel and Logistics Department. This packet will give you important detailed information about travel and logistics for your trip. AFS always recommends that participants book domestic tickets that are both refundable and changeable. This is due in part to the possibility of changes in international flights students will be taking to return home, but also due to the fact that complications may arise in obtaining visas and these complications can at times delay a student’s departure. **Please note that participants will be responsible for paying any penalties incurred for changes they may need to make in their domestic travel in the event that they are not able to obtain their visa in time for their scheduled departure.**

Taking Trips Before the Start of your Program

You should not plan any excursions outside of the United States prior to your program. As mentioned before, obtaining a visa takes time and your passport will be required. Should you choose to travel before the start of your program and not allow enough time for AFS to procure your visa, you will run the risk of not being able to participate on this program.

Getting Started

We have included here some additional information concerning the visa application process for Egypt. AFS will obtain this visa for you. **It is very important, however, that you follow the accompanying instructions very carefully and comply with all the requirements.**

Should you have any questions or require assistance, do not hesitate to contact your **Admissions Advisor at 800-237-4636.**
